THE QUEEN'S HOSPITAL

Pay Patient Department

THE QUEEN'S HOSPITAL, PAY PATIENT DEPARTMENT, offers superior accommodations and attendance for pay patients, both in ward and private rooms. The recent "Pauahi Annex" addition to the Hospital, with its modern equipped Operating Room, Sterilizing, Anesthetic and Bath Rooms, also Portable Baths, afford an up-to-date service in every respect, with Resident Physician, staff of Trained Nurses, etc., also an Elevator Service. The following are the rates, which include all charges for ordinary medical cases if in charge of the regular Hospital Physicians and Surgeons:

Private rooms... \$2.50 to \$3.50 per diem. Ward patients... \$1.50 per diem.

Practicing Physicians are invited to place patients in the Hospital, either in ward or private rooms, such patients to remain under the care of their own physician, subject to the rules of the Hospital; such patients will, however, have to pay their own doctor.

Applicants for admission to the Hospital must furnish the Superintendent a surety for Hospital charges, or else pay two weeks in advance, which must be renewed every week thereafter. In surgical cases a charge of from \$5 to \$15 is made for use of Operating Room and materials. Surgeons are invited to use the Operating Room of the Hospital under the above specified rates, and arrangements for hours can be made with the Superintendent.

Persons desiring admission to the Hospital should apply to the Superintendent, on the premises, Punchbowl and Miller streets.

For further information or reference, apply to the Superintendent or Resident Physician at the Hospital, GEO. W. SMITH, Esq., Secretary (Eaton, Smith & Co.), or E. F. BISHOP, Treasurer (C. Brewer & Co.).

Honolulu, T. H., June 12th, 1905.
PER ORDER

There is a prospect that Honolulu may have an opportunity to inspect the Russian cruiser Lena in about a week or so, should the vessel choose to take the indirect trip from San Francisco to Vladivostok. The vessel has been interned at Mare Island for about a year. She has left the navy yard, and was to have put to sea about September 21. She was to have gone on the Hunter's Point drydock for cleaning, after which she would be considered in a sea-going condition. Her armament has been restored and the vessel will start back for Vladivostok in much better condition than when she left Siberian waters, a fugitive refugee from Japanese warships.

THE CALABRIA LEAVING SOON.

The Italian fourth-class cruiser Calabria, which arrived in San Francisco September 13 from Venice, via Cape Horn, was to have remained there ten days, and then start across the Pacific via Honolulu. Prince Fernando of Savoy, eldest son of the Duke of Genoa, and cousin of King Victor Emanuel III, is an officer on the warship, a midshipman. He is twenty-one years of age. This will be the first visit of the Calabria to this port. She sailed from Venice February 4, and cruised along the Atlantic and Pacific coasts of South America, stopping at the principal ports. After leaving Honolulu she will go to New Zealand, Australia, Borneo, New Guinea, Japan, China, Siam, India, and thence to Italy by way of Suez. The Calabria is a vessel of 3000 tons and was built in 1890. Her armament consists of four 6-inch, six 4 1/2-inch, four 2 1/2-inch, four 1 1/2-inch, two Maxim guns and two torpedo tubes. The Calabria's engines are twin screw and under forced draught the warship is able to make sixteen knots an hour.

MANCHURIA OFFICER HURT.

Henry E. Morton, chief officer of the Pacific Mail liner Manchuria, was seriously injured yesterday afternoon when the big ship was going into her slip at First and Brannan streets, and may, as a result, be unable to go to sea again for many weeks. He was at his post in the bow of the liner as she neared the dock, and after having sent several lines ashore was standing at the rail when one of the big hawsers parted. The rebounding line struck Morton on the left side of the face, fracturing the cheek bone and jaw and throwing him several feet in the air. He fell heavily to the deck. Morton was assisted to his room on the steamer and Surgeon O'Neill was immediately summoned. Morton is perhaps the best known of the chief officers in the Mail service, and the accident that befell him yesterday occasioned expressions of regret from everybody in the service of the line. After treatment by Surgeon O'Neill, he was removed to his home at 22 1/2 Clara street.

BANANAS ROT ON ENTERPRISE.

Once more growers of bananas, both in Honolulu and Hilo, have to stand a loss on their shipments to San Francisco. Not so long ago the Enterprise left hundreds of bunches on the wharf at Hilo, claiming they could not carry all that had been deposited there, and they rotted. Now comes the news from San Francisco that because the steamer Enterprise towed the barge Santiago from Hilo to San Francisco, and was so long in making the trip, hundreds of bunches spoiled and were thrown into San Francisco bay. The vessel arrived there September 12, having been eleven days on the run. All the decayed bunches were thrown overboard, and from Howard street wharf to a point off Lime Point the bay was dotted with bad fruit. The Enterprise's full cargo comprised 51,900 bags of sugar, 61,868 bunches bananas, 929 bags coffee, and 80 crates pineapples. She also carried 27 passengers.

THE COFFEE MARKET.

Late San Francisco coffee quotations are as follows:

Nicaragua—Prime washed, 11 @ 12c; fair to strictly good washed, 9-12 @ 10-13-4c; good to superior unwashed, 9-14 @ 9-12c; good to prime unwashed peaberry, 9-3-4 @ 10-14c.

Guatemala and Mexican—Prime to strictly prime washed 11-1-4 @ 12-1-2c; strictly good washed, 10-1-2 @ 11c; good washed 10 @ 10-1-4c; fair washed, 9-1-4 @ 9-3-4c; medium, 8-1-2 @ 9c; inferior to ordinary 6-1-2 @ 8-1-2c; good to prime washed peaberry, 10-1-2 @ 11-1-2c; good to prime unwashed peaberry, 9-3-4 @ 10-1-4c; good to superior unwashed, 9-1-2 @ 10c.

Hawaiian—Fancy, 13 @ 14c; prime, 11-1-2 @ 12-1-2c; good, 10-1-2 @ 11-1-4c; fair, 9-1-2 @ 10-1-4c; peaberry, 10-1-2 @ 12c; low grades, 7 @ 9c.

NEBRASKAN IS IN.

The American-Hawaiian S. S. Nebraska arrived in port yesterday morning, seven days and ten hours out from San Francisco, a pleasant voyage being experienced. The freighter brought 1500 tons of cargo for Honolulu and has some for Kahului. A fine sail boat was brought for B. R. Banning. The deck cargo consisted of some rams and a fine bull. Three hundred bags of mail were also brought along. The Nebraska will load 250 tons of sugar here, but will get none on Kahului. Other items of freight to be taken on here comprise 5000 cases of canned pineapples and 500 cases of honey. The vessel will leave at 5 p. m. Tuesday for

THE THOMAS NEARLY READY.

Next of the Army transports to sail for the Philippines will be the Thomas, which for the past two months has been undergoing an overhauling at the Risdon Iron Works. She is scheduled to leave port on October 5. Many days before that time, however, the Thomas is to be returned to the Government, ready for the voyage, and when she sails the vessel will be more commodious than any other vessel of the transport service. Numerous staterooms have been added, and other alterations and improvements have been made that will make the Thomas the best and largest of all the troopships plying between this city and Manila. Captain Lyman is in command of the Thomas.

IWALANI LOST HER JIB.

The Inter-Island steamer Iwalani arrived last evening at 6:20 from Midway and Laysan Islands. The vessel landed her freight successfully at Midway, being mostly stores for the cable colony. The steamer also carried some large pieces of freight for the navy department. On the way back from Midway the vessel plunged into bad weather and one extra heavy blow ripped out the jib. At Laysan the schooner Charles Levi Woodbury was found safely anchored. The Woodbury is to start on the return trip to Honolulu today.

S. S. KOREA AND SIBERIA.

The Pacific Mail officials have received notice that the liner Korea, commanded by Captain Aldrian Zeeder, will sail from Yokohama next Sunday, September 17, direct for this city, omitting Honolulu on the way across the Pacific. On board will be Secretary of War William H. Taft and most of the members of the party who went to the Orient on the liner Manchuria two months ago. On the Korea will be President Harriman and family and General Manager R. P. Schwerin of the Pacific Mail Co., returning from a trip to Japan. It is probable that the Korea will attempt to make a new record on the run from Yokohama to this port.

BEADNELL HAS A COMMAND.

Captain Frank E. Beadnell, formerly chief officer of the liner Coptic, running out of this port, has been appointed to the command of the White Star liner Cymric, plying between Liverpool and Boston. He was previously in charge of the White Star business at Queenstown for several weeks. David Blair, formerly second officer of the Doric, was married at Dundee on September 2, and C. R. Tyson, formerly well known here as an officer of the Gaelic, was married recently at Liverpool. He is now on the liner Arabic, running from Liverpool to Boston. W. F. Morgan, formerly chief officer of the Gaelic here, is in the same position on the Arabic.

BIG MAIL ON DORIC.

San Francisco has wrested from Seattle the bulk of Oriental mail business. Word has been received at the local postoffice that the accumulation of Oriental mails due to leave Seattle on the Dakota September 20 will be ordered to San Francisco to go on the steamship Doric, sailing on the same day and at the same hour.

What makes matters all the better is that this particular Oriental mail will in all probability be the largest shipment that has ever left a west coast port for the Far East. It will, of course, play its own important part in the postal showing of the office from where it is sent—Examiner.

STANLEY DOLLAR PAU.

It appears that the steamer Stanley Dollar is nevermore to sail the seas. A telegram received yesterday morning reported that she was full of water, at the place on the Japanese coast where she struck on the rocks a few days ago, and that a contract for salvage could not be made. The vessel was laden with barley, and under command of Captain Casey was bound from here to Kobe when she went on the rocks. All hands were saved, and may be expected back in this port within a month—Examiner.

HAWAIIAN'S CARGO.

The Tacoma Ledger of September 12 says: Loaded to her capacity with general freight, the American-Hawaiian line steamship Hawaiian sailed for New York

by way of San Francisco yesterday. Tacoma sent a large amount of freight to San Francisco, which will be transhipped at that port for Honolulu. The cargo for Honolulu consisted of 14,968 sacks of flour, 5075 sacks of bran and 150 barrels of beer.

LAST SUGAR OF SEASON.

Purser Wilburton of the steamer Nahu reports as follows:

Bark Edward May at Eleele discharging general cargo. S. S. Kaula at Waimanalo. The Edward May after discharging will load 21,000 bags of M. A. K. sugar, the last of the season.

Off Waianae passed the schooner Lavinia bound in (from Laysan).

Weather on Kauai fine, with light showers.

SHIPPING NOTES.

The schooner Lady made port last evening from the Koolau side of the island.

The schooner Lavinia, loaded with guano from Laysan Island, was off port last night.

PHILIPPINE FREE TRADE

(Continued from Page 1.)

the President, arriving here about October 30, will have two months for starting the wheels of government again, preparing his message and seeing the numerous statesmen who always flock to the Capitol in the late autumn. Then there is his Southern trip in October, which will consume about two weeks.

The President's triumph as a peace maker has revived again the talk about his candidacy in 1908. It should not be taken very seriously. He resents all such intimations. Of course, it can be recalled that Cleveland went back on a pledge to serve but one term and Roosevelt might go back on a pledge to retire from office in 1908. It is a very inviting newspaper theme and will be much discussed between now and the time of holding conventions three years hence. Ex-Senator Donelson Caffery, a Democrat of independent views, prophesied here the other day that a new party of reform would be organized, with the standpat Republicans at the helm of the present dominant party and, perhaps, Roosevelt, at the helm of the reform party, whose slogan will be tariff and trusts. There has been still other speculation of late to the effect that Roosevelt may become a candidate in 1912 or 1916, after an interim of four years and that he is building up a personal organization to that end.

No appointment as assistant secretary has attracted as much attention for a long time as that of Robert Bacon to be assistant secretary of state, succeeding Francis E. Loomis. Bacon has been in Washington a good deal, especially during the settlement of the coal strike in October, of 1902, when he co-operated with Mr. J. Pierpont Morgan, in whose firm he has long been a member. The President has been severely and generally criticized for keeping Mr. Loomis in office and apparently the criticisms have had some effect, although it is now proposed to send Mr. Loomis on an errand of investigation, in Brazil, with a view ultimately to making him Ambassador to Brazil. There has been a demand for a re-organization of the state department, and for some new blood in the subordinate offices. Mr. Bacon's ability will not be questioned but it remains to be seen how the general public, in these times of trust crusading, will take to a director of the National City Bank—a Standard Oil institution—and a member of the firm of J. Pierpont Morgan being given a desirable post. Those things, too, will undoubtedly be criticized but, with all his unbounded popularity, the President can afford to face criticism now. It is believed that there will be a change in the office of third assistant secretary, Mr. Peirce, the incumbent, being an inefficient man. He has been the President's representative at Portsmouth, where he has disgusted sensible people by his personal conduct. But for his influential connections by marriage he probably would have been displaced before this time.

In a considerable list of "additional customs notaries" printed by the Treasury Department in its weekly bulletin of customs is the name of David L. Peterson, of Honolulu. His commission expires June 30, 1906.

Michael J. Keelin, of Hilo, Hawaii, has been granted a patent for a spark arrester.

Strictly Hawaiian affairs here are quietest. The Interior Department has no advice from acting Governor Atkinson, further than purely routine matters. The few questions pending here for consideration are held in abeyance till the government gets well started again.
